ANNEX 10

**Report on the Education and Qualification Department Meeting
During the 7th Congress of IBSSA
25-30 April 2001 Bucharest/Romania**

Attendees:

Dr. Rony KLUGER (ISR)

Dott. Giacomo Spartaco BERTOLETTI (ITA)

Dr. Miki VARGA (HUN)

General Secretary of IBSSA, Chairman of EQ Department

1st Vice President and Member of EQ Department

Member of EQ Department

and as a special guest of the department

Dr. Paul G. HÖGLUND (SWE)

Honorary Member of IBSSA and Chairman of Quality Control Dept.

The Chairman of the department Dr. Kluger gave a brief report on the present situation and some information concerning the work of Education and Qualification Department of IBSSA.

1. It has to be reminded to all our members that all our decisions from Geneva, meeting 1998 is valid. Especially the decision concerning professional courses, which are qualifying members with Blue IBSSA Diploma. Each diploma must be signed and stamped by two official Department members. Diplomas, which are not signed by two international examiners, are not recognized and have no backing of IBSSA.

2. We must realize that the professional characters of our organizations are the quality of education and standardization of our testing procedures. We must remember that all official IBSSA courses must have a basis, which according to our Geneva congress described and open to all our members, this must be the basic curriculum to run a course. IBSSA encourage each country to add to this basic requirement any locally needed material.

3. The department is asking specially its members to show leadership and work only and strictly under those guidelines we decided.

4. Dr. Höglund stressed that the principle of keeping general standard with an effective objective examinational system will make sure our standard worldwide.

5. The department will produce a testing sheet that all examiners will work with to make sure that the test will be equal and objective.

6. The department took a decision that all recognized and qualified Instructors, Teachers and master Teachers must take every third congress a refreshing course which will be theoretical and practical refreshing course, members who will fail to fulfill this requirement will become honorary status.

I would like to take the opportunity of the congress and thank my colleagues Dr. Bertoletti, Dr. Varga for the collaboration and the contribution and for the success in the smooth running of the department.

Special thanks to Dr. Höglund for his contribution to our meeting.

The successful cooperation of our entire department made our department active and beneficial to all IBSSA members.

Dr. Rony Kluger

Chairman of Education and Qualification Department of IBSSA

General Secretary of IBSSA
