He thanked Mr. Lakusic, Director of M-Protekt Company for the successful preparations and very high-level conditions for the congress and side-events.
2. The final program and agenda of the XII. Congress was discussed and after some necessary changes the final version was agreed.
3. The President's report with the finance report was accepted on the base of the official Audit Report for the Years 2004-2005 and 2006.
4. It was decided, that the planned International Conference on IBSSA against terrorism will be included into the program of the General Assembly, starting at 13.00 and press will be invited.
