## Executive President Report

12. 14. 1998, Budapest

Dear Friends, dear IBSSA members,

First of all I would like to thank the confidence of the Congress to elect me as Executive President.

I promise you to do all my best for the successful development and future of IBSSA. I would like to thank all those members they helped to organize the Congress and all related programs in Hungary!

I would like to thank also all members or other companies they supported the organization of the event.

The Congress in Budapest was a very great international and internal success. Many news agencies and TV stations were giving reports about it worldwide.

The IBSSA leadership will publish a new booklet about IBSSA in the same quality as the publications were for the congress and in this issue you will find the minutes of the congress and many other useful information.

As you probably know for all members the 1999-year ID cards are ready and that can be delivered immediately after the payment of the membership fee.

The new membership directory includes a page for „registry update form” If any of your coordinates changed or you wish to publish something different about you, - please fill the formula and send to the Headquarters.

Please note that the last issue of the membership directory already a book with 200 pages. The next issue will be probably the double, there for we will produce in the future the membership directory in form of computer disc as well. It will be cheaper to produce, to send and more practical and easy to use.

IBSSA in the future will use more and more the Internet. Therefore please all members to try to get an e-mail address where all information should be sent. Post is slow and expensive. Fax is usually not good quality, expensive and not possible to edit the documents.

After the Congress, the new board of directors had it first meeting on 28<sup>th</sup> November 1998 in the Headquarters Hotel and according the statutes they agreed about the following positions for the next 5-year:

|                           |   |
|---------------------------|---|
| Mr. George Popper Hungary | Executive President   |
| Dr. Rony Kluger Israel    | General Secretary   |
| Mr. Silvére Salvisberg    | Switzerland Vice President responsible for education and qualification area                                 |
| Dr. Spartaco Bertolotti   | Italy Vice President responsible for pr and publications  |
| Dr. Marko Nicovic         | Yugoslavia Vice President responsible for relations with Interpol, IPA, DEA, Police and other organizations |

The newly elected and appointed Executive Committee and other departments as well the Representatives of IBSSA in the countries and other regions will be published in the next issue and also available on the Internet.

The Headquarters of IBSSA is in Hungary, Budapest.

The General Secretary will open an IBSSA office in Israel, which will be in the same time a regional center of IBSSA in Israel.

Dear friends and colleagues!

The 5<sup>th</sup> IBSSA Congress decided that during the coming period IBSSA must be turned to a very serious professional international federation on the field of private security worldwide.

To reach this target we must work together and we need all help you can give!

If you have any ideas concerning the future of IBSSA or you are ready to work in any department or area, - please let us know!

Finally I wish you all Happy Holidays and a successful New Year!

Best regards,

George popper  
Executive President
