Prof. George Poper
President
IBSSA

In the opening ceremony of the IBSSA's yearly World Congress, which takes place in Miami – Florida, United States, I take it as a pleasant obligation to congratulate you personally, together with the board of directors, the members of the executive committee and all the participants which were gathered here especially to this congress, from all across the world.

In these days, the western world must cooperate in order to counter the organized crime, and to create unity and insistence for an intensive fight against worldwide terrorism. I truly think, that having the IBSSA's yearly International Congress especially in the United States of America, has a highly importance, since it is the leading nation for the united world front, in countering the ruthless terrorism.

Unfortunately, I have been unable to take part in this important congress, but my hart and thoughts are with my associates.

George, I will appreciate it if you would read my greetings on the dais of honor to all the participants.

Best of luck and friendly greetings,

Dr. Zeev Gefen
President
